

Learn Tarot with Pleasure

A fun and easy way to learn the Tarot Cards in only a few steps, with Anselmo Maestrani

Tarot is a window through which you see your personal landscape, discover thoughts, feelings, dreams and aspirations.

Tarot is then a perfect compass that will help you to go through the landscape of your life. Learning it will help to understand you and the world.

This course is designed to ease you gently into the world of Tarot and help you start reading the cards yourself.

More than the skills you will acquire, more than the mysteries of a great tradition that you will learn, the study of Tarot is really a study of yourself – the way you see and interact with the world and the people.

I would be pleased to moderate the course with a group in your city at any convenient time.
